

# SmartCare®

BioMar introduces SmartCare a preventative healthcare program that helps tackle the daily challenges faced in the operations of aquaculture. By adjusting nutritional and functional ingredients you can reduce the risk of health challenges while supporting growth.

BioMar introduces SmartCare a **preventative** healthcare program that helps tackle the daily challenges faced in the operations of aquaculture. By adjusting nutritional and functional ingredients you can **reduce the risk** of health challenges while supporting growth.

The SmartCare range enables you to ward off the unwanted when and only when it is needed. Together with BioMar health and technical specialists you can create a specialised healthcare program that fits your **individual needs.**

Being **proactive** with SmartCare not only helps maintain good health to ensure optimal Performance but you can rest assured you are delivering the very best in aquaculture care and welfare.

## SmartCare Concept

**Tagline**
You Care. We Care. SmartCare.

**Key Attributes:**
Protective, proactive, nurturing

**Positioning:**
Protective
Champion Brand

**Differentiation:**
New space in aquaculture farming and feed and tapping into the major trends of reduced medication and animal welfare.

**Concept Positioning:**
SmartCare, a preventative healthcare program that helps tackle the daily challenges faced in the operations of aquaculture. By adjusting nutritional and functional ingredients you can reduce the risk of health challenges while supporting growth.

## SmartCare Logo

**Single Colour Logo**
The SmartCare logo should always be displayed in a single colour.

(See Left)

SmartCare®

SmartCare®

## Logo Colours

The SmartCare logo uses single colours. The approved colours to be used are; BioMar Blue and White.

**BioMar Blue**

RGB: 31 62 119
CMYK: 100 84 26 12
PANTONE: 654 C
HEX: #1f3e77

**White**

RGB: 255 255 255
CMYK: 0 0 0 0
HEX: #ffffff

## Incorrect Uses

The dimensions for the logo are fixed, and should not be altered. The logo should never be re-created.

- Alter the dimensions.
- Change the colours.
- Used two colours.
- Change the spacing on the logo icon
- Type the logo

## SmartCare Tagline

The tagline should be displayed by itself or over the SmartCare logo.

They should always be displayed in a single colour.

The logo with tagline has a fixed position, and should not be altered..

YOU CARE. WE CARE.

YOU CARE. WE CARE.

YOU CARE. WE CARE.
SmartCare®

YOU CARE. WE CARE.
SmartCare®

## Logo Colours

The SmartCare logo with tagline uses single colours. The approved colours to be used are; BioMar Blue and White.

***You Care. We Care.*** should always be either BioMar Blue or White, and match the colour of the logo

**BioMar Blue**

RGB: 31 62 119
CMYK: 100 84 26 12
PANTONE: 654 C
HEX: #1f3e77

**White**

RGB: 255 255 255
CMYK: 0 0 0 0
HEX: #ffffff

## Incorrect Uses

The dimensions for the logo and tagline are fixed, and should not be altered. The logo and tagline should never be re-created.

- Use a solid colour
- Reverse the assigned colours
- Alter the dimensions.
- Change the colours.
- Type the tagline and/or use lowercase.

# SmartCare Sub-branding

To ensure visual consistency across the SmartCare portfolio, all sub-products follow a defined branding structure that maintains coherence with the core brand.

### Logo Layout

The first line always displays the main SmartCare logo
The second line contains the sub-brand name, left-aligned beneath it.

Sub-brand names should not exceed 10 -12 characters per line. If a name includes more than two words or exceeds 12 characters, a third line may be added. A maximum of three lines is allowed.

Spacing between the SmartCare logo and the sub-brand name is fixed at one-tenth of the BioMar logo height. Spacing between the sub-brand and the BioMar logo is fixed at one-fifth of the BioMar logo height.

Colour usage is fixed for this system: the SmartCare logo must always appear in BioMar Blue, and the sub-brand name must always appear in BioMar Blue for Balance sub-brands; Sky Blue Resist sub-brands; Leafy Green for Control sub-brands; Shrimp Orange for Assist sub-brands.

### Typography

The main SmartCare logo uses Avenir Next Regular.
The sub-brand name uses Avenir Next Medium for visual contrast.

# SmartCare Portfolio

# BLUE IMPACT®

Our Blue Impact feed range acts as a catalyst for driving change as we use applied, science-based sustainability to select ingredients that have a lower impact on our planet. New ingredients that are nutrient-dense but don't compete with food for human consumption will be first brought to market in our Blue Impact diets.

## Blue IMPACT Concept

**Description**

Our Blue Impact feed range acts as a catalyst for driving change as we use applied, science-based sustainability to select ingredients that have a lower impact on our planet.

**Tagline:**
Progressively
transforming aquaculture

# Incorrect Uses

The dimensions for the logo are fixed, and should not be altered. The logo should never be re-created.

- Use a solid colour *
- Reverse the assigned colours
- Alter the dimensions
- Change the colours
- Flip or change the spacing on the logo icon
- Type the logo

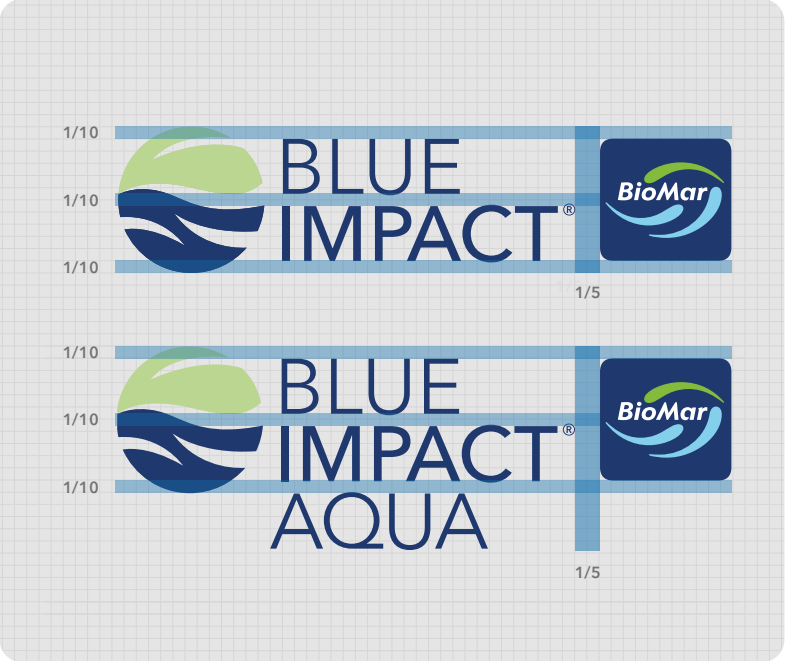

* Note:
The logo should ALWAYS be displayed with duel colours unless specific barriers are in place, eg. only 1 colour print available.

(See accepted versions to the right)

# BLUE IMPACT Sub-branding

To ensure visual consistency across the Blue IMPACT portfolio, all sub-products follow a defined branding structure that maintains coherence with the core brand.

### Logo Layout

The first and second line always displays the main Blue IMPACT logo
The third line contains the sub-brand name, left-aligned beneath it.

Sub-brand names should not exceed 8 -10 characters per line. If a name includes more than two words or exceeds 10 characters, a third line may be added. A maximum of three lines is allowed.

Spacing between the Blue IMPACT logo and the sub-brand name is fixed at one-tenth of the BioMar logo height. Spacing between the sub-brand and the BioMar logo is fixed at one-fifth of the BioMar logo height.

Colour usage is fixed for this system: the Blue IMPACT logo and the sub-brand name must always appear in must always appear in BioMar Blue.

### Typography

The main Blue IMPACT logo uses Avenir Next Regular on Blue and Avenir Next Medium for IMPACT. The sub-brand name uses Avenir Next Regular for visual contrast.
